Renewal Guidelines, Charging and NSF policy

Lunch card renewals must be done in advance in a timely manner to avoid interrupted service. We will send a notice home for advance renewal of your child's 30 meal or 10 meal card. If renewal is not received and your child must charge a lunch, only a sandwich lunch will be available for a charged lunch at \$4.50 per lunch. If payment is not received after 5 days of charging, lunch service will not be allowed. It is agreed and understood that if my child must charge a lunch during the 5 day grace period that they be allowed to do so and that I agree to pay for any such charges made. I also agree that an additional \$40 fee will be paid for any NSF checks written. By signing below, I understand and agree to these lunch program terms.
