

Dear SEAS Families,

Just a few announcements and reminders as we return to school tomorrow.

We will be offering our regular Wednesday hot lunch that is listed on our school menu, and milk will be available. As a reminder, please make sure you send your child with water.

I would also like to remind everyone that although we are in Phase 3, wearing a mask on our campus and social distancing are still required. If you choose to use our park and walk option for arrival and dismissal, you must wear a mask. Please help us to keep our children healthy and safe.

As a reminder, there is to be no parking in the reserved church Adoration parking spots and no parking in non-designated parking areas.

We look forward to seeing everyone tomorrow!

Take care,

Joan Kathmann
